

Warranty Conditions

Rayleigh Instruments Limited

RI-ENERGYFLOW Power Inverters

Warranty

Subject to the terms and conditions detailed below, we provide a voluntary product warranty (the Warranty) to end users of the following products (the Products) which are supplied by us:

RI-ENERGYFLOW-MIDI

This warranty only applies to new products. Secondhand product may carry a partial warranty subject to its previous operation/install/de-install conditions.

This Warranty is non-transferable except where the Products are installed in a building, this Warranty will then transfer to any subsequent purchaser of that building or of the Products so long as the Products remain installed.

This Warranty only applies where the Products have been installed by a properly certified MCS installer, or one authorized by Rayleigh Instruments.

General Terms

We warrant that we will repair or replace (at our option) a Product or any part thereof, if such Product is faulty or defective in manufacture or materials for a period of **5** years from the date of purchase.

We will endeavor to replace Products with identical products. However, due to technological advancements, that Product may not be available. In these cases, we will supply another type of product of at least the same value and standard, although the replacement product may be a different size, shape, color and/or capacity. Due to technical advances, it is possible that replacement parts or components may not be compatible with the other components already installed. Any costs relating to the incompatibility of systems is not covered by this Warranty.

If the products are replaced within the warranty period, the remaining warranty period will be automatically transferred to the replacement products. In this event, you will not receive a new certificate.

Each time a warranty claim is made against a system that has no internet connection, the installer or the end user is obliged to organize qualified personnel to conduct an on-site inspection and data collection under the instruction of Rayleigh.

Conditions

This Warranty is subject to the following conditions:

- The Products must have been installed and correctly commissioned by an MCS certified installer or one authorized by Rayleigh Instruments.
- Proof may be required of correct commissioning of the Product (such as certificate of compliance). Claims for failures due to incorrect installation or commissioning are not covered under this Warranty.
- Where a Product or part thereof is replaced or repaired under this Warranty, the balance of the original Warranty period will apply.
- The Product must have its original serial number and rating labels intact and readable.
- This Warranty does not extend to any Products that have been completely or partially disassembled or modified, except where such disassembly is carried out by Rayleigh.
- The terms of this Warranty cannot be amended except in writing by one of our authorized officers.
- This Warranty only applies to Products purchased by an end-user from us directly or a reseller where the Products have been sold to the reseller by us directly.

- Any warranty claim under this Warranty must meet the requirements set out below in the “How to Make a Warranty Claim” section.
- There must have been a commissioning report completed by the installer.

Exclusions

- This warranty will not apply to a defect or fault to the extent to which one or more of these conditions arises:
- Due to storage, handling, installation (or removal and/or reinstallation) or commissioning of the Product otherwise than in accordance with instructions provided by us, applicable safety regulations or without reasonable care including installation of a Product which is of an inappropriate size or type for the intended purpose.
- Due to operation, use or maintenance of the Product otherwise than in accordance with instructions provided by us or without reasonable care (including failure to maintain/clean the Product in accordance with recommendations in instruction/operation manuals);
- Due to accidental damage, theft or vandalism, or use of the Product for a purpose or in environmental conditions for which the Products were not designed for or sold, or use of the Products outside the specified or normal operating ranges for such Products;
- The defect has been caused by Force Majeure (violent or stormy weather, lightning).
- Overvoltage, fire etc.
- The damage is only cosmetic and has no impact on the functioning of the device.
- The device has been installed incorrectly or misused.
- When the damage has been caused by lightning.
- As a result of changes which occur in the condition or operational performance of the Product due to climate or other environmental influence, foreign material contamination (e.g. dirt, smoke, salt, chemicals and other impurities), water entry, exposure to excessive heat or solvents or because of use of the Product with insufficient ventilation (in particular the maximum temperatures according to the operating manual), exposure to strong vibrations, exposure to a strong magnetic field or damage as result of Force Majeure event;
- From normal wear and tear or when replacement or repair of parts would be part of normal maintenance or service of the Product or where the damage is only to surface coating, varnish or enamel;
- As a result of repairs, alterations or modifications to the Product which have been performed by a third party not authorized by us;
- From the use of any spare parts not manufactured, sold or approved by us in connection with the repair or replacement of Product; or as a result of the interconnection of the Product with products of another manufacturer; or as a result of any other defective or malfunctioning parts in the system into which the Product has been installed;
- Where the nameplate or serial number of the Product is modified, altered.
- or not readable;
- If damage has occurred during transportation; or
- Other damages not affecting energy generation and which are of a visual nature (e.g. surface scratching).

This Warranty does not apply to damage caused by continued use of the Product after it is known, or would have been known with regular servicing, it is defective. Rayleigh must be informed within one month of product failure.

Customer’s assistance in returning the faulty unit

Following the receipt of the replacement unit, the customer must return the allegedly faulty unit in the same packaging material as the replacement unit. Rayleigh will supply all labels, documentation, and freight details for the return of the allegedly faulty unit. All allegedly faulty units must be returned within 10 (ten) working days of the receipt of the replacement unit. A qualified installer must be available for the unit exchange and re-commissioning.

The replacement unit will be covered by the original warranty terms of the faulty unit for the remaining warranty period of the faulty unit.

Distributor Responsibility

In the event of an equipment failure or fault, it is the Distributor responsibility to work directly with Rayleigh Service Center to limit the return of non-faulty equipment. Rayleigh Service Center will work with the Distributor to rectify the fault or fault message through telephone support or with direct internet connection to the system.

Wrong Deliveries and Transit Damage

Wrong deliveries, incorrect or damaged packing and transit damage claims are not warranty claims. Such cases should be referred immediately to the seller.

How to Make a Warranty Claim

If a Product fails within the Warranty period, the end-user must stop using the Product or the system in which the Product is installed by isolating the Product from any energy source, make a claim as soon as possible and follow all instructions provided by us, or our representative or agents.

To make a Warranty claim under this voluntary warranty, the end-user must contact us by email at warranty@rayleigh.com please advise the following information:

- Your name, address, postcode and telephone number where you can be contacted.
- The model designation and serial number of the Product (you can find both on the Product)
- Proof of purchase with date and address of the vendor
- Installation date and installation address
- Signed commissioning report.
- Contact details of the installer.
- A complete and detailed list of observed faults and other information which could help with the analysis of the fault (e.g. any modifications).
- Any error messages.

Warranty Scope

For invalid claims under this Warranty, we will not be liable for the end-user's costs in making the warranty claim, including transport or return freight.

In respect of valid claims under this Warranty, the end-user will not be charged for reasonable costs associated with the making of a warranty claim, including warranty processing costs, the cost of replacement parts or freight. This warranty does not include third party costs for access or labour. Furthermore, Claims for compensation for direct or indirect damage arising from the defective inverter are not covered by this warranty.

Deadlines for Submitting Warranty Claims

We aim to rectify genuine quality problems as a priority. This is generally achieved by investigating why defective products have failed and by introducing immediate corrective action measures to prevent re-occurring of the warranty failures. It is therefore critical that all claims under this Warranty are promptly submitted to us as soon as the Product fails, and in any event, within one month of knowledge of the matter of event giving rise to the claim. No consideration will be given to claims under this Warranty which are made after this period.

Product Liability and Product Safety

We should be informed immediately about any potential product safety concerns within and outside the warranty period. We are aware of our product liability and product safety obligations and responsibilities. It is our aim to ensure appropriate product safety standards are met to avoid injury, loss and damage caused by defects in any Product.

Miscellaneous

This Warranty shall form part of the purchase contract in respect of the Product between us and the end-user and shall be complied with by both parties.
